# ANNUAL REPORT

## OF THE

### BOARD OF EDUCATION.

---

We were somewhat delayed in the opening of our schools in the spring. I need not state the cause, you all well know.

But I believe the delay was for the best. Instead of twenty-two weeks last year we have had the present year thirty-one.

Some still claim it impracticable in a somewhat sparsely settled township like ours to maintain a graded system of schools at the centre of the town.

The greatest obstacle to be overcome seems to be one of transportation, both in respect to its inconvenience to the pupils and the expense attending it.

If these difficulties could be overcome nothing would be of greater value to our children than the graded school system, when all the pupils of the town could attend, from the primary to the highest grammar grades.

A school like the present one of two rooms enables the school course to be divided in its execution among two competent teachers, each of whom would push along the pupils of her room to the next, until the primary pupils would emerge from the school well prepared for the high school.

The fact that nearly all the applicants for the high schools in years past have been obliged to enter the so-called preparatory course, which has not been the fault wholly of teaching done in our schools. In the ungraded schools our teachers have too many daily recitations. The recitations are much too short necessarily, so in the hurry and rush in changing classes and brief recitations almost no time can be found for extended explanations, and hence the pupil must depend too much upon the text-book and his own resources. Under

these conditions the brightest will do well but the duller ones must suffer.

The schools the past year have been as a whole satisfactory to the Board of Education, and from the requests which we have had from parents in the district to have the same teachers engaged for next year, we feel that they have given satisfaction to all interested.

More interest has been shown by the parents the past year, it seems to us, than ever before. Teachers' reports show that over two hundred visits have been made to the schools during the year.

Much credit should be given G. S. Haskell, I. N. McKay, Charles Greene, G. S. Sanborn, A. S. Sanborn and others who lent a helping hand in moving seats and furniture. This meant a saving of ten dollars.

JOHN D. KELLEY,  
SAMUEL H. MORSE.

J. W. LOVERING, *Treasurer.*

I have examined the accounts of the selectmen, treasurer, tax collector and librarian and find them correctly cast and supported by proper vouchers. I found the accounts of the road agents correctly cast and properly vouched with the exception that Mr. Grainger did not present vouchers. The accounts of the school board, as presented by Mr. Kelley, were not fully vouched, but the accounts of Mr. Lovering, treasurer of the school board, were correctly cast and properly vouched.

CLARENCE I. DROWNE,  
*Auditor for the year ending Feb. 15, 1905.*
